

Destination Map

Let this map guide you on your adventure through the beautiful Baviaanskloof Hartland.

Produced in collaboration with the Baviaanskloof Hartland Bewarea and residents.

Welcome to the Baviaanskloof Hartland

Nestled between the great expanse of the Kouga wilderness and the Baviaanskloof mountain range, the two hundred kilometre Hartland offers a serenity hardly found anywhere in the modern world. It is a place where 4x4's and donkey carts form a symbiotic pact on the gravel road that stretches through the ancient hills and modern farms. It is an untouched refuge for eight plant biomes covering almost 400 000 hectares of unspoiled wilderness.

Here travellers find sincere friendliness and many stories unique to the area filled with an endless array of natural wonders waiting to be discovered, a pleasant rural community rich in culture and hospitality, and the comfort of a cool drink and warm fire at the end of a long day.

Visit www.baviaansklooftourism.co.za for more information on the establishments presented on this Baviaanskloof Hartland Map. For information on the status of the gravel road please call 087-701-0070 before driving through.
